- Monster Media strongly recommends the use of helmets. Helmets are, however, not mandatory. They are optional.
- Racers must circle the buoys at each pit stop.
- Racers MUST keep a distance of at least 50 feet from any other craft on the water AT ALL TIMES!

- Once through the channel markers, at North Side and East End, speeds MUST NOT exceed 5 knots - NO WAKE. Because the South Sound channel markers are further out, riders can maintain their speed up to a large buoy, which will then indicate where they are to slow down to 5 knots or less.

- The pit stop marshal will sound a horn and raise a yellow flag to announce riders exceeding 5 knots. This flag will serve as a warning to all riders.

- If a rider fails to see the raising of the flag(s), the penalization will still be enforced. It is not the fault of the marshal if a rider fails to see the warning or the penalization.
- Racers are to keep control of their craft at all times in the pit stops.
- Failure to do so can also result in being charged by the law.
- If a racer is unable to make it to the first pit stop, or any pit thereafter, for any reason, the rider must call into Headquarters to let them know that they are ok. A contact sheet with relevant names and phone numbers will be given to each rider before the start of the race.

- Any rider found by an official Jet Around Cayman marshal to be riding within 50 yards of the reef will be subject to disqualification, pending the review of the Chief Race Marshal.
